

**WATER DIVINE**  
Naturally Ionized  
Minerals

Liquid Nutrition with naturally ionized, angstrom sized minerals that are 100% absorbable by the body.

**Our soil is depleted!**

In 1992 at the International Soil Summit in Rio-de-Jenero, Scientists concluded that the North American soil's mineral content had been depleted by 85% in the last 100 years. As a result, our fruits and vegetables have become "hollow" and void of any substantial nutritional value. Thus, sickness and disease are sweeping our nation. Eating all organic fruits and vegetables won't solve the problem - organic or commercially grown, the mineral content is simply not there! Most supplements are made with collodial minerals. The human body only absorbs about 1 - 5% of the collodial mineral content, whereas the smaller size of angstrom sized minerals allows for 100% body absorption.

## How Is Water-Divine Different?

Angstrom sized particles are quickly absorbed into the bloodstream and immediately consumed by the cells while in the bloodstream.

Naturally ionized –Water Divine’s mineral products are naturally ionized. This allows the minerals to attach to the walls of the intestines and then be absorbed into the bloodstream. This is “**natures own design**”.

## 5 Step System

### Step One: The Body Foundation Twin Kit

Regardless of how beautiful the house is, the most important part of the house is the foundation. This kit will address the foundational needs of your body first.

### Step Two: The Complete Cleanse Kit

Toxins weaken your immune system and create an environment ripe for diseases, it is imperative to remove them!

### Step Three: Exercise

While Water Divine won’t do the treadmill routine for you, it will give you the energy to exercise. You do the rest!

### Step Four: Monitor pH

Few diseases can survive when the body’s pH level is where it needs to be, a pH of 7.4! You will learn strategies to raise

your pH level. It’s one of the keys to living in a state of “Wellness”.

### Step Five: Target Areas of Wellness

According to two-time Nobel Prize winner, Linus C. Pauling, most, if not, all diseases or physical ailments may be caused by mineral deficiencies. Targeting an organ or gland with extra nutrition is the key to increase healing.
